

Floor Pads Scouring Pads Sponges

Professional Line

 **British**[®]
Abrasives for a better world

Abrasives For a Better World

British has been operating in the domestic and export markets since 1996, working with state-of-the-art technology for the manufacture and marketing of abrasive and non-abrasive non-woven fabric products for home and professional cleaning, and for industry application.

All products are systematically suited to the market, always guaranteed by a consistent quality process, developed by specialized professionals.

In 2018, British underwent a makeover in its brand, changing its logo and visual identity, in order to keep up with new design trends and achieve a clear and easy communication of its products with its customers.

Quality and state-of-the-art technology.

The Super British pad line is complete and offers solutions for all stages of the floor treatment, from scrubbing, cleaning, upkeeping, polishing, and finishing, to high-speed floor polishers. Super British pads have abrasive minerals in all their thickness, bonded to the fibers by high-strength resin, extending their useful life and delivering performance from start to finish. In addition, the portfolio offers numerous diameter options to suit all types of floor polishers.

SCRUBBING PADS

Indicated for total removal of layers of dirt, wax and sealer, leaving the floor with its natural appearance. For use on low-speed floor polishers.

Ultra Heavy-Duty Blue

The Ultra Heavy-Duty floor pad is highly abrasive and offers extended cutting and removal power due to its open texture that prevents sticking. It is recommended for cleaning of heavy dirt and floor treatments.

HIGHLY DURABLE,
BOTH SIDES ARE
USABLE. WASHABLE.

CLEANING AND MAINTENANCE FLOOR PADS

Indicated for cleaning and maintenance operations, with or without partial removal of existing floor treatments. For use on low-speed floor polishers.

Green Cleaner Plus

The Green Plus Cleaner floor pad is indicated for periodic cleaning and maintenance of floors. Its action eliminates impregnated dirt, scratches, stains, and scuffs, leaving the surface ready for the finish reapplication.

POLISHING AND FINISH FLOOR PADS

Indicated for polishing and high gloss operation. In addition to improving the appearance of the floor, they extend the useful life of the surface treatments. For use on low-speed floor polishers.

Yellow Polish

The Yellow Polish floor pad renews the shine on the floor while fixes and levels the finish. In addition to removing scuffs and scratches, the Yellow Polish floor pad provides a simultaneous polishing. It can also be used for light-duty cleaning without removing the finish.

SCOURING PAD HANDLE

Handle

To be used with the scouring pads, the Handle has an ergonomic shape that provides better handling of the scouring pads, facilitating the cleaning of plates, tables and places within hand reach, as well as offering safety and comfort in cleaning surfaces with variations of temperature.

Product Code	Dimensions (in)	Quantity per box	Box Dimesions (in)	Approximate Box Weight (lb)
FSC-0808001	3x5	5	9x9x7	0.7

Swivel Holder

To be used with the scouring pads, the Swivel Holder is easy to use and facilitates the cleaning of high and hard-to-reach places, such as windows, walls, glass, floors, hoods and others. It should be attached to a stick handle of your choice.

Product Code	Dimensions (in)	Quantity per box	Box Dimesions (in)	Approximate Box Weight (lb)
FSC-0808002	4x9	5	220x220x170	0,65
